

NO SURPRISES ACT 2022

Beginning July 1, 2022, most group health plans, and issuers of group or individual health insurance will begin posting pricing information for covered items and services. Health plan price transparency helps consumers know the cost of a covered item or service before receiving care.

UnitedHealthcare, UMR and HealthScope Benefits creates and publishes the Machine - Readable Files on behalf of SiriusPoint. All files on this link will be updated monthly, in accordance with the Act. To view these files, click this link, and search for 'SiriusPoint' to review the topic of interest: <https://transparency-in-coverage.uhc.com/>
